ORDER OF THE BOARD OF AGRICULTURE AND FISHERIES.

(DATED 4TH OCTOBER 1912.)

ANIMALS (LANDING FROM IRELAND) AMENDMENT ORDER OF 1912 (No. 12).

The Board of Agriculture and Fisheries, by virtue and in exercise of the powers vested in them under the Diseases of Animals Acts, 1894 to 1911, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows:

Landing of Cattle.

1. Notwithstanding the provisions of Article 22 of the Foreign Animals Order of 1910, and the Animals (Landing from Ireland) Order of 1912, cattle brought from Ireland and put on board at a port specified in the First Schedule to this Order may be landed at a Landing Place specified in the Second Schedule to this Order, subject to the following conditions, namely:—

(i.) The landing of the cattle must be authorised by the Superintendent of the Foreign Animals Wharf where the Landing Place is situate in a Foreign Animals Wharf, and in other cases by the person in charge of the Landing Place.

(ii.) The provisions of the Foreign Animals Order of 1910 which relate to animals landed at a Foreign Animals Wharf, except such as relate to slaughter, shall, subject to the modifications thereof herein contained, apply to a Landing Place whether situate in a Foreign Animals Wharf or not, and to the animals landed at the Landing Place, as if such provisions were incorporated in this Order and the Landing Place were a Foreign Animals Wharf.

(iii.) While this Order applies to a Landing Place, no animals other than such as are landed under this Order, shall be landed at or be moved into the Landing Place.

(iv.) In the event of an animal dying or being slaughtered while being conveyed in a vessel from Ireland to a Landing Place in Great Britain, no animal conveyed in the vessel shall be landed in Great Britain without the authority of the Board unless the carcass of the animal that has died or been slaughtered is brought in the vessel to the Landing Place for examination by a Veterinary Inspector of the Board.

Special Provision as to Cattle Destined for Manchester Foreign Animals Wharf.

2. Cattle, if intended to be landed at the Manchester Foreign Animals Wharf under this Order, shall not be carried through the Eastham lock until they have been examined by a Veterinary Inspector of the Board, and unless and until the Inspector certifies that his examination and information do not show that there is, or during the voyage has been an animal on board affected with Foot-and-Mouth Disease.

Detention and Examination of the Cattle Landed.

3.—(1.) Cattle landed under this Order shall remain in a reception-lair until a Veterinary Inspector of the Board certifies that all the cattle then in the Landing Place are free from Foot-and-Mouth Disease, which certificate shall not be given until the expiration of ninety-six hours from the time of the departure from Ireland of the vessel in which the cattle were conveyed. If the cattle in the Landing Place have been conveyed in more than one vessel the period shall be reckoned from the time of the departure from Ireland of the vessel which last left that country.

(2.) Until the issue of the certificate the restrictions on access to a reception-lair which are contained in the Foreign Animals Order of 1910 shall apply to the lair in which the animals are detained.

Movement from Landing Place.

4.—(1.) Cattle landed under this Order may, after the issue of the certificate referred to in the preceding Article, be moved from the Landing Place to a place of detention if such movement is authorised by a licence granted by an Inspector of the Board, but subject to the provisions of this Article.

(2.) Before the issue of a licence each animal shall be marked by an officer of the Board.

(3.) The cattle shall be moved to the place of detention and not elsewhere, and (except as hereinafter provided) shall be there detained and isolated, under the supervision of a Veterinary Inspector of the Local Authority, from other animals for a period of twenty-one days after the date of their arrival.

(4.) The cattle may, with the written authority of an Inspector of the Local Authority of the District in which the place of detention is situate, be allowed to come in contact in the place of detention with other animals, but in that case all the animals shall become liable to detention and isolation as if they had been moved to the place of detention under the same licence.

(5.) Cattle moved under this Article shall be moved by the nearest available route, and as far as practicable by railway, and during such movement shall not be permitted to come in contact with animals not being moved under this Order.

(6.) Cattle landed under this Order may at any time before their removal from the Landing Place be re-shipped at the Landing Place for conveyance to Ireland, provided that such re-shipment is authorised by an inspector of the Board.

(7.) The movement of cattle from a Landing Place except under and in accordance with this Article is prohibited.

(8.) Nothing in this Article shall be deemed to authorise the movement of an animal in contravention of an Order of the Board or a Regulation of a Local Authority.

Food and Water ; Disinfection.

5.—(1.) The following provisions of the Foreign Animals Order of 1910, namely :—

Article 18 (*Food and Water*) ;

Chapter 4 (*Loading, Disinfection, and Disposal of Dung, Fodder, Litter, Fittings and other Things*)

shall apply to a Landing Place, whether situate in a Foreign Animals Wharf or not, and in relation to the animals landed at the Landing Place, as if such provisions were incorporated in this Order and as if the Landing Place were a Foreign Animals Wharf and the animals were carried from a foreign country.

(2.) Nothing in this Article shall affect the operation of the Hay and Straw (Landing from Ireland) Order of 1912.

Wharf Charges.

6. The owner of animals landed at a Landing Place shall on demand pay to the occupier thereof such charges for the use of the Landing Place as may be sanctioned by the Board.

Provisions as to Licences.

7.—(1.) Where animals are moved with a licence under this Order, the licence shall forthwith after completion of the movement be delivered up to an Inspector of the Local Authority, or be delivered up at, or sent by post to, the nearest Police Station in the same District, by the person in charge of the animals at the time of completing the movement.

(2.) A movement licence granted under this Order shall be in force for four days, inclusive of the day of issue.

(3.) A copy of a licence under this Order shall be sent by the Inspector granting the licence to the Clerk of the Local Authority of the District in which the place of detention is situate.

Removal of Cattle from Landing Place.

8. All cattle landed at a Landing Place shall, subject to the issue of the certificate referred to in Article 3 of this Order, be removed by the owner or person in charge thereof from the Landing Place before the expiration of forty-eight hours after the issue of the said certificate, unless an Inspector of the Board shall authorise the retention of the cattle in the Landing Place for a further period, and if an animal is not so removed by the owner or person in charge thereof within such period of forty-eight hours, or the period authorised by the Inspector, the market authority shall have power to remove the animal to a place of detention, and to recover from the owner of the animal at the time of default the cost of removal and detention.
